TRAINING TABLES FOR ATHLETES EVERYWHERE

by Clinton Industries

Clinton Industries believes it's time to cheer on athletes everywhere.

So we've used our 45 years of expertise in the design and manufacture of durable medical tables and equipment to develop HomeTeam Tables for the sports market. Because we believe every athlete should have access to quality equipment, we've made our furnishings and equipment affordable for everyone — small colleges, universities and even high schools. And we've designed them to stand up to the rigors of sports—season after season.

HomeTeam Tables are a win on design, a win on durability and a win on price, and that is a pretty good start to any season.

MODULAR CABINETS

HomeTeam laminate cabinets are perfect for training rooms. They're built tough, but are easy to clean, provide loads of storage and come fully assembled. Just push the base unit in place and hang the wall unit on a simple rail system. It's that easy. Cabinets are available in three laminate colors: Gray, Maple and Dark Cherry. You can also customize your cabinetry by adding a sink, more drawers, locks or even your team logo.

Wherever you train make HomeTeam cabinets part of your training room game plan.
